### *MUSIC CHANGE*

The curtain is up the show has begun,  
We're waiting to open a barrel of fun.  
All set for the start boys,  
Biff Bang, it's the Show Time.  
The rhythm is bright, we're setting the pace,  
A smile is alighting on everyone's face,  
Stand by for the start boys for the  
Lights say it's Show Time.

We're like the pilgrims along the way,  
Heading toward a star,  
Soon we'll see those pearly gates,  
Those pearly gates, Finale gates  
And oh what a haven they are,  
Before they appear, oh what a to-do.  
We've got to get moving on this year's revue,  
stand by for the news is saying  
Show-Time's with us again.

### MUSIC CHANGE

There's no business like show business  
Like no business I know  
Everything about it is appealing  
Everything that traffic will allow  
Nowhere could you get that happy feeling  
When you are stealing that extra bow

There's no people like show people  
They smile when they are low  
Yesterday they told you you would not go far  
That night you open and there you are  
Next day on your dressing room they've hung a star  
Let's go on with the show...

The costumes, the scenery, the makeup, the props  
The audience that lifts you when you're down  
The headaches, the heartaches, the backaches, the flops  
The sherriff who'll escort you out of town  
The opening when your heart beats like a drum...  
The closing when the customers don't come...

There's no business like show business  
Like no business I know  
You get word before the show has started  
That your favourite uncle died at dawn  
And top of that, your pa and ma have parted  
You're broken-hearted, but you go on

There's no people like show people  
They smile when they are low  
Even with a turkey that you know will fold  
You may be stranded out in the cold  
Still you wouldn't change it for a sack of gold  
Let's go on with the show  
Let's go - on with the - show...

*CURTIAN CLOSED*

## Camp cooking

*Curtain Closed, 3 Scouts come onto the stage from the back of the hall pulling on t-shirts and getting dried with a towel, while walking to the stage the boys should be bantering to help set the scene. Skip comes out from behind the curtain.*

Skip This is the first time I've seen you boys looking clean. Three cheers for the lake!

One That water was as cold as (Inset better metaphor) as the look my mother gives me when I won't get up in the morning!

Two Skip, what's for dinner?

Skip Don't you ever think about anything other than your stomach?

Two Yea, I keep thinking where my next meal is coming from!

Four I don't go with his Patrol Cooking. We haven't had a hot meal for three days

One That's a lie, you had a boiled egg yesterday.

Four Hear that? I had a boiled egg yesterday! Did you see the SIZE of it? If a sparrow had laid it, it wouldn't even have had to say COO.

Skip Come on you lot. Start getting the grub ready for dinner!

All DINNER! WOO – WOO!!

*The Curtin opens to the scene of a camp kitchen, skip exits, the rest join the another scout preparing food*

One What have you got in there, Freaky?

Three I told you, it's my secret recipe. It's something I've invented. It's a new cake mixture and if it works I'll be famous.

Two What is it called?

Three "Freaky's Phenomenon". That's what I'm going to call it, "Freaky's Phenomenon" and it'll become a household word.

Four You can keep it. I'm not going to give my stomach anything that's going to cause a "Phenomenon". (*Exit?*)

One So what have you got in it Freaky? Tell us.

Two First I put in a tin of cocoa. Then I mixed it with some milk powder and a bag of peanuts.

One PEA\_NUTS?

Two That gives it flavour! Can you go and get me a bottle of lime juice from my tent – and don't drink any.

Three Cocoa, lime juice and peanuts – what about some motor oil? (*Exit*)

Two You wait and see – and if this works I'm going to sell it to a big firm. You'll see it advertised on the telly and everyone will be buying "Freaky's Phenomenon". Everyone from the top to the bottom. Get me those cloves over there.

One CLOVES? With cocoa and peanuts.

Two Don't argue, I put them down there somewhere.

*One turns and looks for the cloves. Two takes two eggs and puts them under his hat without the other boys seeing*

One I got them. How many do you want?

Two Put them all in (*One does so, three enters with the lime juice*)

Three I wasn't coming this week but I'm glad I did. This is something. Shall I pour it in?

Two Not too much, I don't want to drown the peanuts. (*Three pours some lime juice in*)

One They might appreciate it. It that the lot?

Two Only one more thing to add and that's the big secret.

One Secret? If anyone eats cloves, peanuts, cocoa, lime-juice and milk powder in one go they won't be able to keep it a secret.

Three The minute he put that near the fire, stand back!

Two Just wait 'till I put the finishing touch to it. (*He holds up the wooden spoon with some mixture on*) Go on, taste it.

Three Not me – I want to stay healthy.

One CHICKEN. He said it was going to be good for everybody from the top to the bottom. Go on, have a go.

Three I wonder what my mother will do with the insurance money? O.K. Give me a bit. (*He tastes it*) It's not bad! It's different – and that's before he puts the secret in. Can I have another taste?

One Go on, have some more and I'll get the stretcher.

Three Freaky, it's delicious. It bites your tongue a bit but it slides down all right. It's electric.

One Freaky, I hereby knight you Sir Cook of the Patrol. (*He hits him on the head*). I only hope it turns out as good as you say it is.

Three (*Two face changes to a worried / angry look*) What's up freaky? You all right?

One You look worried, have you forgotten something?

Two DID – YOU – TOUCH – ME – THEN ?

One I just tapped you on the head, that's all.

Two DO YOU KNOW WHAT YOU HAVE DONE?

Three It looks like you've done something. FREAKY! Your head is leaking! Your brains are coming out!

One No – brains aren't that colour. It's watering dandruff. Freaky, you've had an explosion.

Two Do you know what you have done?

Three He didn't know his own strength, Freaky, he didn't mean to bash your head in. I didn't even know blood was that colour

Two IT'S NOT BLOOD – IT'S EGGS

One EGGS? What were eggs doing on the top of your head?

Two I PUT THEM THERE.

One Well, why didn't you leave then in the chicken?

Three Was that you secret – you could make eggs come out of your head?

Two You oaf – LOOK at me. I've got weeping omelettes.

Three How was he to know you were balancing eggs on you nut. Phew they aren't very fresh are they? Quick, get some kitchen roll. Let me wipe it off.

Two Get away from me. Don't come near me, you hear?

Three I'm only going to wipe your face, you look awful a face full of scrambled eggs.

Two GET OUT! (*He pushes him and he falls in the frying pan*) You've ruined me that's what you've done.

One (*to three*) What's up, you all right?

Three I think I'm sitting in something.

One Then get up.

Three I can't, I'm stuck. I can't get up

Two I hope you never get up. Servers you right and I hope you – I – Stuck in something? STUCK IN SOMETHING? WHAT ARE YOU STUCK IN?

One He's stuck in your Phenomenon, get up quick

Three If I get up quick I'll leave half my behind in the frying pan!

One Come on get up. (*He gives him a hand the frying pan is stuck to his bottom*)

Three Don't just stand there, take it off. BUT BE CAREFUL.

One No, I'll do it quick like my mum does with plasters (*One takes the pan off Three's behind*)

Two I'm going home – I'm not standing for this. Give me a towel somebody

Three Use your own towel. The chicken that laid those eggs must have been rotten. Phew.

One Never mind, Freaky, we didn't believe you, but you were right about your concoction – what you said was absolutely true.

Two All right, and what was it I said?

One You said it was going to suit everybody. (*He points to speck and then to Freaky*) You said From the top to the bottom”!

*Curtain Close*

## **Camp Thief**

*Narrator comes onto the stage and stands to the side. Three others are required for the sketch, two larger and one small. Curtain opens when the narrator switches on the 'TV' with the remote*

Narrator      Last year at camp we had a large problem with pickpockets. The problem became so bad that we installed security cameras to try to catch the thief in the act. Let's watch some of the footage...

*Turns to watch the action on stage. The smaller person walks on from stage left and the two larger from stage right, they cross in the middle with the smaller going between the larger.*

Narrator      Did you miss that, lets rewind the tape. (The action rewinds on the stage) this time watch very closely and I will slow the tape down...

*Turns to watch the action on stage again. The same action as before however this time the two larger guys bump into the smaller.*

Narrator      Did you miss that again , lets rewind the tape one more time. (The action rewinds on the stage) this time watch very, very closely and I will slow the tape down to supper slow motion...

*Turns to watch the action on stage again. The same action as before however this time the two larger people pick up the smaller one and shake him upside down, things fall out of his pockets. The two put the smaller down, brush him down and then pick up the stuff and all walk on as if nothing has happened. Narrator then turns off the 'TV' curtain closes*

Narrator      I hope that shows you how you have to be careful with your possessions. Now for a public service announcement regarding clothing on camp

## **Waterproofs**

I like weekend outdoor fun  
Instead of sitting on my bum  
I always like to do outdoor pursuits  
At one with nature that is me  
I'd like to think I'm most happy  
out on my bike or paddling a canoe  
I like fishing by a stream  
and mountaineering is a dream  
but only if you have the proper clothes  
Whether can be changeable  
and this is why it's sensible  
To be prepared 'cuz you just never know

If you're going camping you'll need Waterproofs  
If you're going sailing you'll need Waterproofs

Welly boots will stop your socks from getting soaked  
which you will not enjoy 'cuz there's nothing worse than wet feet  
A good kagool will protect you from wind and rain but soak you through  
The right clothing is a necessity  
It keeps you dry, it keeps you warm at night or early in the morn  
So you and nature can both work as one  
Enjoy a night under the stars before you head home in the car  
your choice of clothes will make your weekend fun

If you're going climbing you'll need waterproofs  
If you're going fishing you'll need waterproofs  
If you're going cycling you'll need waterproofs  
If you're going walking you'll need waterproofs

Make sure you pack waterproofs  
Always have some waterproofs

If you're going camping you'll need waterproofs  
If you're going sailing you'll need waterproofs  
If you're going climbing you'll need waterproofs  
If you're going fishing you'll need waterproofs

## Enlargement Machine

1 (Runs onto the stage) I've got it, I've got it!

2 What have you got?

3 Is it catching?

4 Stay away from me, I don't want it.

1 Don't be so silly, I have finally worked out the secret to ultimate enlargement!

3 Ultimate enlargement?

1 Yes, anything you throw into this box will come back over bigger!

2 I don't believe you!

1 Well try it

2 (Finds a chocolate bar in pocket) Can I try this?

1 Yes sure

2 (throws it over and a massive chocolate bar comes back over) Wow

4 I want to try it (finds a ... and a bigger one comes over)

1 I can also set it to replicate

4 What does that do?

1 Well, rather than making things bigger, it makes multiple of them.

4 So when I throw over this chocolate coin...

1 Yep

4 (Throws over a chocolate coin, and loads come back over, throw them to the audience) Wow, that could solve world hunger!

2 Can I try it again?

1 I'll swap it back to enlargement

(They all take it in turns to throw things over and bigger things come back over)

2 That's fantastic

3 We will have to tell everyone

## Safety Announcement

- *House lights on*
- *Stage lit*
- *Curtain closed*

Ladies and gentlemen, boys and girls, welcome to this Beacons Gang Show in Eastrington. Before we begin please take a moment to watch the following safety demonstration.

We are now preparing for curtain up, by now all you mobiles phones and other such electronic items should be turned off as they cannot be used during the performance. (*One of helpers start to light a fire*) This is a no smoking performance so please no camp fires!

Your seats have been fitted with the latest in theatre seat belt technology and we ask that you keep your seat belts fastened while the fasten seat belt sign is switched on. To fasten your seat belt take both ends and tie a reef knot. (Scouts to all look a Tom for help at this point) For those that don't know how to tie a reef knot, even after being shown how and practice every night this week!, it is left over right and under right over left and under.

In the event of an emergency the following alarm will sound. (Play Barbie Girl by Aqua - Helpers to run to sound desk at back to get it turned off). On hearing this alarm, please make your way to one of the emergency exits which are located... in the centre of the room, one left and one right and one at the back of the room in the centre. All the emergency exits are clearly marked with exit signs. Please take a moment to locate the exit that is closes to you.

In the unlikely event of a funny joke song, or sketch an Oxygen mask will deploy from above your heads. If this happens pull down sharply on the mask and then place the mask over your nose and mouth and position the strap behind your head and adjust it if necessary. For those of you who are watching with young children please apply your own mask before helping them.

Water problems are also unlikely, however, some of you will be able to cast your minds back to Blacktoft three years ago... so now we are prepared. Life jackets are located underneath your seats, to use them slip them over your head, fasten the two straps like so. To inflate your jacket blow sharply into the tube like so...

Thank you for your attention and we hope you enjoy the show.

## Heaving on a jet plane

My bags were lost an hour ago  
as you can guess I at Heathrow  
For all I know there on their way to Rome

The fog this morning was really dense  
My mates are waving through the fence  
I wish I was in my bed back home

(Wave)  
(Sleep action with hands and head)

Another glass of lukewarm beer  
and suddenly I felt quite queer  
as we took off I had a funny turn

(Hold tummy)

I'm heaving on a jet plane  
Don't know if I could fly again  
and my stomach left back home

(Throwing up action)  
(Shaking head and flying motion)  
(Point thumb over shoulder)

'Excuse me miss, where's the loo'

(Asked by one of the children who goes off stage after)

The turbulence gave me a fright  
we're bouncing round just like a kite  
I wish I had took a travel pill

(Bounce up and down)  
(Bounce up and down)  
(Hold head)

The stewardess brings round a meal  
a runny egg or greasy veal,  
she doesn't realise just how bad I feel

(Asked by a stewardess)  
(Shake head)

The bloke beside me lit a fag  
And I got out my greaseproof bag  
And all my life I've never felt so ill

(One bloke gets a cigarette out)  
(All get out sick bags)

I'm heaving on a jet plane  
Don't know if I could fly again  
and my stomach left back home

(Throwing up action)  
(Shaking head and flying motion)  
(Point thumb over shoulder)

There's only 5 more hours to go  
the screens are down for the movie show  
you can bet your life I seen it all before

(Hold up five fingers)  
(Mime screens coming down)  
(Point at audience then self)

A pound for earphones you can't hear  
The plastic bit falls out your ear  
you grope and knock your coffee on the floor

(Tap ear)  
(Feel on the floor )

I try to sleep a little while

(Sleep action with hands and head)

THE KIDS ARE RUNNING UP THE ISLE

(Kids jump up and shout)

My stomachs in a place it shouldn't be

I'm heaving on a jet plane  
Don't know if I could fly again  
and my stomach left back home

(Throwing up action)  
(Shaking head and flying motion)  
(Point thumb over shoulder)

## **Flying High**

Come along, come along. To the Hanger we must go,  
Every man, if he can, must be off to make a show,  
Soon upon our way we shall be wending  
As we're sending to the world unending,  
Songs they can sing as they go along the way,  
Songs that'll bring such a lift to every day,  
Throngs on the wing with the weather fair  
What can compare  
When load of lusty fellows take the air?

Flying high, Flying high,  
We're over the clouds today  
We own the right o' way  
Listen to the roaring as we go soaring,  
All together we're banding,  
and we're looking for a happy landing  
Through the sky, flying high,  
and finding a place in the sun.

Here we go, here we go, in a moment then we rise,  
Right away to the grey and the blue up in the skies,  
Rising up we journey to the crescent,  
There the pleasant thrill of all is present,  
So to the World as we fly upon our quest,  
Lo, through the World to the North South, East and West,  
Blow as unfurled we shall wave it till on every hill,  
We see a waving banner of Good-will.

Front of curtain gags

Breaking up squabbles and first aid for bruising

Long sleepless night cause' of young people's noises

Shouting and balling and trying to sing, these are a few of the Scout Leader things

Cooking all evening for those fussy eaters

Clearing out tents or weird looking creatures

Shouting and balling and trying to sing, these are a few of the Scout Leader things

When the Cubs come

When the Scouts come

When I'm feeling mad

I simply remember I giving them back and then I dont feel so bad

## Finally

Some things in life are bad,  
They can really make you mad,  
Other things just make you swear and curse,  
When you're chewing life's gristle,  
Don't grumble,  
Give a whistle  
And this'll help things turn out for the best.And...

Always look on the bright side of life.  
[whistle]  
Always look on the light side of life.  
[whistle]

If life seems jolly rotten,  
There's something you've forgotten,  
And that's to laugh and smile and dance and sing.  
When you're feeling in the dumps,  
Don't be silly chumps.  
Just purse your lips and whistle.  
That's the thing.  
And...

Always look on the bright side of life.  
[whistle]  
Always look on the light side of life.  
[whistle]

For life is quite absurd  
So here's the final word.  
You must always face the curtain with a bow.  
So forget the mood you're in.  
Give the audience a grin.  
Enjoy it. It's your last chance, anyhow.  
So,...

We're riding along on the crest of a wave  
And the sun is in the sky,  
All our eyes on the distant horizon  
Look out for passers-by.  
We'll do the hailing  
When all the ships are round us sailing  
We're riding along on the crest of a wave  
and the world is ours
